

508 Update

Hello Families,

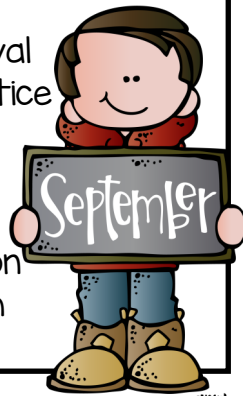

I want to let you know how thrilled I am to have such a great class! Did you know this is the class of 2028? It's a long way off until high school graduation; your child's just started their academic journey!

This is our first monthly 508 Update for this school year. You should look for one of these at the beginning of each month throughout the year. I try to give you an update on what we are working on in the classroom, a calendar of upcoming school and classroom events, and sometimes I will add an event that is outside the school that I think your child would like...plus the events I post are free for the whole family!

I can't wait to get to know my new students. We are going to be doing a lot of assessments so I can get your child in a comfortable place to start learning. Your child will also get to know the rules of our classroom and make new friends. I look forward to meeting you in the near future. I know you have entrusted me with your most valuable possession; I promise to do my very best to make them independent thinkers and learning ninjas! Let's have a great year! ~Mrs. Gilardi

Days to Remember this September!
